40	Chapter 1.1. Historic Site Fund
41	Sec. 1. As used in this chapter, "fund" refers to the historic site
42	fund established as a dedicated fund by section 2 of this chapter.

1	Sec. 2. (a) The historic site fund is established to provide funding
2	for educational programs and the operation of historic sites. The
3	fund shall be administered by the division.
4	(b) The expenses of administering the fund shall be paid from
5	money in the fund.

0	revert to the state general fund.
1	(e) Money in the fund is annually appropriated to the division
2	for purposes established in this section.
3	Sec. 3. (a) Fees collected under IC 14-10-2-1(5) and proceeds
4	from sales and leases under IC 14-20-1-23(b) shall be deposited in
5	the fund.

0	SECTION 16. IC 14-24-4.5 IS ADDED TO THE INDIANA CODE
1	AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE
2	JULY 1, 2004]:
3	Chapter 4.5. Pest Control Compact
4	Sec. 1. (a) The pest control compact is enacted and entered into
5	with all other jurisdictions legally joining the compact in the form
5	substantially as follows in this chapter.
7	(b) The party states find the following:
3	(1) In the absence of the higher degree of cooperation among
9	the party states possible under this compact, the annual loss
0	of approximately one hundred thirty-seven billion dollars
1	(\$137,000,000,000) from the depredations of pests is virtually
2	certain to continue, if not to increase.
3	(2) Because of the varying climatic, geographic, and economic
4	factors, each state may be affected differently by particular
5	species of pests. However, all states share the inability to
6	protect themselves fully against the pests that present serious
7	dangers.
8	(3) The migratory character of pest infestations makes it
9	necessary for states to complement each other's activities
.0	when faced with conditions of infestation and reinfestation.
-1	(4) While every state is seriously affected by a substantial
2	number of nests, and every state is suscentible to infestation

10
by many species of pests not causing damage to its crops, plant life, and products, the fact that relatively few species of pests present equal danger to, or are of interest to, all states makes the establishment and operation of a fund from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interest, the
most equitable means of financing cooperative pest eradication and control programs.
Sec. 2. As used in this chapter:
(1) "State" means a state, territory, or possession of the
United States, the District of Columbia, and the
Commonwealth of Puerto Rico.
(2) "Requesting state" means a state that invokes the procedures of the compact to secure the undertaking or
intensification of measures to control or eradicate one (1) or

more pests within one (1) or more other states.

(3) "Responding state" means a state requested to undertake or intensify the measures referred to in subdivision (2).

Sec. 6. (a) Each party state pledges to each other party state that it will employ its best efforts to eradicate, or control within the strictest practicable limits, all pests or pathogens. The performance of this responsibility involves the following:

- (1) The maintenance of pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for the party state's own protection in the absence of the compact.
- (2) The meeting of emergency outbreaks or infestations of interstate significance to not less an extent than would have been done in the absence of the compact.
- (b) Whenever a party state is threatened by a pest or pathogen not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pathogen, and finds that control or eradication activities are or would be impracticable or substantially more difficult to accomplish because of failure of another party state to cope with infestation or threatened infestation, that state may request the governing board to authorize expenditures from the fund for eradication or control measures to be taken by one (1) or more of the other party states at a level sufficient to prevent, or to reduce to the greatest practicable extent, infestation or reinfestation of the requesting state. Upon the governing board's authorization, the responding state or states shall take or increase any eradication or control measures warranted. A responding state shall use money available from the fund expeditiously and efficiently to assist in providing the protection requested.

У

1	(c) To apply for expenditures from the fund, a requesting state
2	shall submit the following in writing:
3	(1) A detailed statement of the circumstances that occasion
4	the request to invoke the compact.
5	(2) Evidence that the pest or pathogen on account of whose
6	eradication or control assistance is requested constitutes a
7	danger to an agricultural or a forest crop, product, tree,
8	shrub, grass, or other plant having a substantial value to the
9	requesting state.
10	(3) A statement of the extent of the present and projected
11	program of the requesting state and its subdivisions, including

15	eradication, control, or prevention of introduction of the pest
16	or pathogen concerned.
17	(4) Proof that the expenditures being made or budgeted as
18	detailed in subdivision (3) do not constitute a reduction of the
19	effort for the control or eradication of the pest or pathogen
20	concerned or, if there is a reduction, the reasons why the level
21	of program detailed in subdivision (3) constitutes a normal
22	level of pest control activity.
23	(5) A declaration as to whether, to the best of its knowledge
24	and belief, the conditions that the requesting state believes
25	require the invoking of the compact in the particular instance
26	can be abated by a program undertaken with the aid of money
27	from the fund in one (1) year or less, or whether the request
28	is for an installment in a program that is likely to continue for
29	a longer period.
30	(6) Other information the governing board requires consistent
31	with the compact.
32	(d) The governing board or executive committee shall give due
33	notice of any meeting at which an application for assistance from
34	the fund is to be considered. The notice shall be given to the
35	compact administrator of each party state and to the other officers
36	and agencies as may be designated by the laws of the party states.
37	The requesting state and any other party state are entitled to be
38	represented and present evidence and argument at the meeting.
39	(e) Upon the submission as required by subsection (c) and any
40	other information that the governing board has or acquires, and

upon determining that an expenditure of funds is within the

purposes of and justified by the compact, the governing board or

41

executive committee shall authorize support of the program. The governing board or executive committee may meet at any time or place to receive and consider an application. All determinations of the governing board or executive committee, with respect to an application, together with the reasons for the determination shall be recorded and subscribed in a manner that shows and preserves the votes of the individual members of the board or committee.

- (f) A requesting state that is dissatisfied with a determination of the executive committee, upon notice in writing given within twenty (20) days of the determination with which it is dissatisfied, is entitled to receive a review of the determination at the next meeting of the governing board. Determinations of the executive committee are reviewable only by the governing board at one (1) of its regular meetings or at a special meeting held in a manner the governing board authorizes.
- (g) Responding states required to undertake or increase measures under the compact may receive money from the fund, either at the time or times when the state incurs expenditures because of the measures, or as reimbursement for expenses incurred and chargeable to the fund. The governing board shall adopt and may amend or revise procedures for submission and payment of claims from the fund.
- (h) Before authorizing the expenditure of money from the fund under an application of a requesting state, the fund shall ascertain the extent and nature of any timely assistance or participation that is available from the federal government and shall request the appropriate agency or agencies of the federal government for any available assistance and participation.
- (i) The fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the fund, cooperating federal agencies, states, and any other entities concerned.
- Sec. 7. The governing board may establish advisory and technical committees composed of state, local, and federal officials and private persons to advise the governing board concerning any of its functions. An advisory or technical committee or a member or members of the committee may meet with and participate in the governing board's deliberations upon request of the governing board or executive committee. An advisory or a technical committee may furnish information and recommendations concerning any application for assistance from the fund being

considered by the governing board or committee and the governing board or committee may receive and consider the same. However, a participant in a meeting of the governing board or executive committee held under section 6(d) of this chapter is entitled to know the substance of the advisory or technical committee's information and recommendations, at the time of the meeting if made before the meeting or as a part of the meeting or, if made after the meeting, not later than the time at which the governing board or executive committee makes its disposition of the application.

Sec. 8. (a) A party state may make an application for assistance from the fund concerning a pest in a nonparty state. The application shall be considered and disposed of by the governing board or executive committee in the same manner as an application with respect to a pest within a party state, except as provided in this section.

- (b) At or in connection with any meeting of the governing board or executive committee held under section 6(d) of this chapter, a nonparty state is entitled to appear, participate, and receive information only to the extent as the governing board or executive committee may provide. A nonparty state is not entitled to review of a determination made by the executive committee.
- (c) The governing board or executive committee shall authorize expenditures from the fund to be made in a nonparty state only after determining that the conditions in the nonparty state and the value of the expenditures to the party states as a whole justify the expenditures. The governing board or executive committee may set any conditions it considers appropriate concerning the expenditure of money from the fund in a nonparty state and may enter into an agreement or agreements with nonparty states and other jurisdictions or entities as it considers necessary or appropriate to protect the interests of the fund with respect to expenditures and activities outside party states.
- Sec. 9. (a) The fund shall submit to the executive head or designated officer or officers of each party state a budget for the fund for a period as may be required by the laws of that party state for a presentation to the party state's legislature.
- (b) Each of the budgets must contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The request for appropriations shall be apportioned among the party states as follows:
 - (1) One-tenth (0.1) of the total budget in equal shares.

(2) The remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state.

In determining the value of the party states' crops and products, the fund may employ any source of information it believes presents the most equitable and accurate comparisons among the party states. Each of the budgets and requests for appropriations must indicate the source or sources used in obtaining information concerning value of products.

- (c) The financial assets of the fund shall be maintained in two (2) accounts to be designated respectively as the "operating account" and the "claims account". The operating account consists only of those assets necessary for the administration of the fund during the ensuing two (2) year period. The claims account must contain all money not included in the operating account and may not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the fund for three (3) years. If the claims account has reached its maximum limit or would reach its maximum limit by the addition of money requested for appropriation by the party states, the governing board shall reduce the budget requests on a pro rata basis in a manner that keeps the claims account within its maximum limit. Any money in the claims account by virtue of conditional donations, grants, or gifts shall be included in calculations made under this subsection only to the extent that the money is available to meet demands arising out of the claims.
- (d) The fund shall not pledge the credit of any party state. The fund may meet any of its obligations in whole or in part with money available to it under section 4(g) of this chapter. However, the governing board takes specific action setting aside the money before incurring any obligation to be met in whole or in part. Except where the fund makes use of money available to it under section 4(g) of this chapter, the fund shall not incur any obligation before the allotment of money by the party states adequate to meet the obligation.
- (e) The fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the fund are subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the fund shall be audited yearly by a certified or licensed public accountant and report of the audit must be included

- (f) The accounts of the fund must be open at any reasonable time for inspection by authorized officers of the party states and by any persons authorized by the fund.
- Sec. 10. (a) The compact becomes effective when enacted into law by any five (5) or more states. After the compact becomes effective, the compact becomes effective as to any other state upon the state's enactment of the compact.
- (b) A party state may withdraw from the compact by enacting a statute repealing the law enacting the compact, but a withdrawal does not take effect until two (2) years after the executive head of the withdrawing state gives notice in writing of the withdrawal to the executive heads of all other party states. A withdrawal does not affect any liability incurred by or chargeable to a party state before the time of the withdrawal.
- Sec. 11. This compact shall be liberally construed to effectuate the purposes of the compact. The provisions of the compact are severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any state or of the United States or the applicability of the compact to any government, agency, person, or circumstance is held invalid, the validity of the remainder of the compact and its applicability to any government, agency, person, or circumstance is not affected thereby. If this compact is held contrary to the constitution of any party state the compact remains in full force and effect as to the remaining party states and in full force and effect as to the party state affected as to all severable matters.
- Sec. 12. Consistent with law and within available appropriations, the departments, agencies, and officers of Indiana may cooperate with the fund.
- Sec. 13. (a) The commissioner of agriculture or the commissioner's designee shall serve as compact administrator for Indiana. The duties of the compact administrator are considered a regular part of the duties of the commissioner of agriculture.
- (b) Copies of bylaws and amendments to the compact adopted under section 4(h) of this chapter must be filed with the compact administrator.
- Sec. 14. Within the meaning of sections 6(b) and 8(a) of this chapter, a request or application for assistance from the fund may be made by the commissioner of agriculture or the commissioner's designee whenever the commissioner or commissioner's designee believes the conditions qualifying Indiana for assistance exist and
